PROMOTING BRITISH MANUFACTURING

NEW PARTNERSHIP

IN 2018, WE JOINED FORCES WITH RALEIGH UK TO PROMOTE THE BEST OF BRITISH MANUFACTURING.

The oldest and most recognised British bike brand, Raleigh, has become a core stockist of the entire range of cycling components produced by Fibrax.

Kenny Wilson, Brand Manager - Multi Distribution, Raleigh UK Ltd (left) and Ellis Blackman, Cycle Sales Manager, Fibrax Ltd (right)

We have been pioneering advancements in cycling performance since 1902, which is almost as long as Raleigh's impressive heritage. Now, Raleigh has become the only UK supplier to hold Fibrax's entire range of products, including electric bike specific components.

In 2012, Raleigh became part of the Netherlandsbased bicycle company, Accell Group. With a portfolio of 18 bicycle brands, including Lapierre, Haibike and Winora, the Group actively shares knowledge about latest technology and innovations. This collaborative effort has been particularly valuable in the development of high performance e-bikes across the Group.

As the only company to design and manufacture e-bike specific brake pads, Fibrax is able to offer a unique proposition to Raleigh and other producers within the Accell Group.

New Partnership with Raleigh UK

Commenting on this new relationship, Ellis Blackman, Cycle Sales Manager at Fibrax, said:

"We are delighted to be working with Raleigh and proud to join forces with another well-respected UK brand. Supplying our complete range to a single distributor is very exciting. Having established in 1887, Raleigh has a massive heritage and is renowned for producing high quality, reliable bikes. In the cycling industry, distributors typically invest in different suppliers for individual component types so we are thrilled that Raleigh is stocking our entire catalogue.

"Due to the rise in demand for electric bikes, we have actively moved into this market by pioneering a specialist brake pad and motor cover. We look forward to developing this range for Raleigh and other brands within the Accell Group to whom we already supply many of our components, including Lapierre and Haibike."

Raleigh's Brand Manager, Kenny Wilson, said:

"I am pleased to be forming a partnership with Fibrax, as they offer a comprehensive range of high quality, great value products and are always keen to support, develop and keep abreast of trends and demand from us.

At Raleigh, we have listed every product in the Fibrax range. We will be working closely with each other to give the best service and cycle parts offering in the cycle trade."

THROUGHOUT 2018, WE EXPANDED OUR PRODUCT RANGE AND LAUNCHED A PACKED CATALOGUE OF CYCLING COMPONENTS

We introduced more finned pads to our existing product range, as well as ultralight brake and gear cable kits. Our S-Clips made their debut in 2018 and have proven to be very popular!

DESIGNING YOUR WORLD

New Products Launched in 2018

For the thrills, spills and everything in between. Introducing Fibrax merchandise!

In 2018, for the first time in our company history, we launched our own merchandise range, which is now available to purchase online and at events. It comprises t-shirts, mugs and coasters, which have all been created by our in-house design team. So, what else is new?

ULTRALIGHT BRAKE CABLE KIT

Ultralight & compressionless casing, CNC machined ferrules, die-drawn inner wire and spiral frame protectors.

ULTRALIGHT GEAR CABLE KIT

The significantly reduced weight and drag mean your gears can shift with reduced lever action.

S-CLIP

These centre-rotating, dual-line hooks are perfect for silencing the cross-line chatter at the cable junction.

FINNED PADS

We now offer finned pads for even more major brands.

T-SHIRT

Our super soft black crew neck t-shirts for him and her feature our very own design.

MUG & COASTER

Drink your coffee in style with our black mug and rest it on our funky coaster, which has been designed and manufactured in-house.

GIFT VOUCHERS

The perfect gift for the cycling fanatic in your life.

Follow us on Facebook and Instagram or visit our news page to be the first to know about the new exciting

products we will be introducing in 2019!
